

D. Student outcomes:

Several measures of student outcomes are presented in this section. They are: Two year graduation rate, three-year combined graduation and transfer rates by race/ethnicity; and third-semester retention rates by attendance status.

What is the graduation rate for Ocean County College students?

There are several ways of defining graduation or completion rates. Students attend college for many reasons, not all of which point toward the goal of graduation. While many students begin their attendance at OCC with the intention of graduating, others begin their studies for the following reasons: (1) to take a few courses for promotion possibilities at their place of employment; (2) to enhance their knowledge in specific areas; (3) to experience personal enrichment; and (4) to take a number of courses and then transfer to another college prior to graduation.

The federal government has established a definition of the graduation rate for postsecondary institutions. The definition is included in the Student Right-to-Know Act and its enabling regulations. The graduation rate of students attending postsecondary institutions is the number of first-time students in a given fall semester who complete their degree within 150% of the normal time for completion. Since OCC is a two-year institution, those students entering in the fall would have three years to complete their associate degree requirements. Students may be eliminated from the tracking requirement if they enter the armed forces, go on an official church mission (e.g., Peace Corps), or if they die or are unable to continue enrollment due to a permanent disability.

What is the “success” rate for Ocean County students?

Community college students may be judged successful in their collegiate career by measures other than just graduation. New Jersey community colleges have established another measure known as “success” rate. It is computed as the percentage of an entering first-time, full-time, degree-seeking freshman fall class who achieved one of the following:

- (1) Graduated
- (2) Transferred to a NJ senior public institution before graduation
- (3) Were still enrolled and did not graduate within four years; or
- (4) Left in good academic standing (GPA of 2.00 or higher).
